Dear Scott:

I wanted to take a moment to warmly thank you for your commitment to youth within this community. You continue to originate creative ideas to reach out to teens, i.e., *the Hip Hop Festival; Rap & Dunk 97 at Bates College; and Fashion Fest 98*, as well as highlight ethnic cultures. Your energy and initiative are indeed quite inspirational.

As a State Senator, it is rewarding to me that you sincerely care about the youth within our community, as they are tomorrow's leaders! In that regard, I commend you for unselfishly giving of yourself towards the enhancement of their lives.

GO FOR IT!

If the success of your previous events are any indication of what you have planned for the future, I enthusiastically await your next endeavor. Again, thank you for being dedicated to this community's youth, and best wishes.

Sincerely,

John T. Jenkins
State Senator
