To whom it may concern

Last summer myself and the YMCA Teen Center were fortunate enough to join Scott Jordan and In the Crib Production for the first annual Hip Hop Festival. The day was well attended and those who were there can tell that it was a very successful event. Successful, on many different levels. First the people who attended, many of them local teens, had a great time. Second the message of the day was consistent and positive. It is my belief that our community needs events such as this too occupy the time of our young people. We at the Teen Center will again be planning to support Scott and his quest to bring a variety of musical genres to the ears of our young people and also will again help to spread the positive messages of the day.

Sincerely,

Bim Gibson

Director YMCA Teen Center
